You run, have fun
With Kero by your side
You are the one
Who will find the cards in time

She's just an ordinary girl
In a magical world
Now she's on the trail of trouble
(And the adventure's just begun)

Your powers may grow
Each time you win
But you blush head to toe
When you catch sight of him
(Fire! Wind! Lightning! Water!Go!)

She's Just an ordinary Girl
In a magical world
Now she's on the trail of trouble

One day you'll find your whole life has changed
Act quick
Be brave
Your heart will show you the way

(The Adventure's just begun)

She's Just an ordinary girl
In a magical world
Now she's on the trail of trouble

(Fire! Wind! Lightning! Water!Go!)

She's just an ordinary girl
In a magical world
now she's on the trail of trouble
