There's a point on the horizon
Where the mountains meet the sea
Just around the corner
Great possibilities

Where every tomorrow
All around the world
Still holds a promise
To every boy and girl

Chorus:
Now we're getting warmer
Look, here comes the future
Just around the corner
Just around the corner

Now we're getting warmer
Look, here comes the future
Just around the corner
Just around the corner

Hey boys

Hey girls

Hey boys

Hey girls

Hey boys

Hey girls

Hey boys

Hey girls

(Oooh....)

We made a promise
We cross the heights for keeps
Now everything that's old is new

Great possibilities
From the mountains to the sea
Great possibilities

(repeat chorus)

(aaaa!)
