

Carfax Abbey "Ketamine"

Taste my blanket of tranquility.
Long to be my own Neanderthal.
I'm belly-up in my own hole, leave
Me alone. Can't get up off my ass.
You are so special. Paralyzed in
My own K-Hole.
Surely you can feel, surely you
Can feel my feline fantasy.
Lying there catatonic, can't say a
Word.
I'm dumb... and I like it.
Get so caught up in where we're
Going,
What the hell is wrong with
Standing still?
'For subprimate use only' Could I
Be any more primitive?
Taste my blanket of tranquility.
I'm belly-up in my own hole, leave
Me alone.
