do you know that everynight  
i think of ways to get back at you  
sneak into your room  
put a pillow over your face  
suffocate you  
rip into your chest and tear out your heart  
to see if you bleed like i do  
i bet you do

trippin over my words  
and now you're trippin on me  
isnt that funny?  
couldnt you just laugh until you choke?  
i wish you would  
so your face could match your eyes  
cold and blue and lifeless  
how did i ever  
fall for you?

do you know that everynight  
i think of ways that i can spite you  
call me when your dead  
so you can finally live with yourself  
consider this a favor  
consider this

trippin over my words  
and now you're trippin on me  
isnt that funny?  
couldnt you just laugh until you choke?  
i wish you would  
so your face could match your eyes  
cold and blue and lifeless  
how did i ever  
fall for you?

to see if you bleed like i do

trippin over my words  
and now you're trippin on me  
isnt that funny?  
couldnt you just laugh until you choke?

i wish you would  
so your face could match your eyes  
cold and blue and lifeless  
how did i ever  
fall for you?

trippin over my words  
and now you're trippin on me  
isnt that funny?  
couldnt you just laugh until you choke?  
i wish you would  
so your face could match your eyes  
cold and blue and lifeless  
how did i ever  
fall for you?
