I'm so tired of the stupid games you play  
If I sat outside would you come watch me wait?  
If I had a gun and shot it at your face?  
Would you promise not to get out of the way?  
If you happen to be able to avoid  
My first attack I'll put a knife against your throat  
And cut an inch for every time I lost my self-control  
When you made me do the things I did at night when I  
got home

But I thought you'd change, and realize that  
today(Today)  
(Evelyn) (I know you lied) I'd tell you that I'm alive for  
the first time  
And I'm beggin you to leave here now, beggin you to  
stay away from me,  
(I know you lied) I'd tell you that I'm alive for the first  
time  
And I'm beggin you to leave me now, beggin you to die  
painfully(to die painfully)

This brings us to the backup of my plan,  
Maybe I'll just have to strangle you with my bare hands,  
Then you'll have to adhere to my demands,  
And occupy a shallow grave, as shallow as you are

But I thought they'd change, and things just stay the  
same,  
(Evelyn) (I know you lied) I'd tell you that I'm alive for  
the first time  
And I'm beggin you to leave here now, beggin you to  
stay away from me,  
(I know you lied) I'd tell you that I'm alive for the first  
time  
And I'm beggin you to leave me now, beggin you to die

Sometimes intent leads, leads to stagnance,  
And stagnance, leads to contempt, contempt leads to,  
The present [x2]

But I thought you'd change, and realize that  
today(Today)

(Evelyn) (I know you lied) I'd tell you that I'm alive for  
the first time  
And I'm beggin you to leave here now, beggin you to  
stay away from me,  
(I know you lied) I'd tell you that I'm alive for the first  
time  
And I'm beggin you to leave me now, beggin you to die  
painfully

(Evelyn) (I know you lied) I'd tell you that I'm alive for  
the first time  
And I'm beggin you to leave here now, beggin you to  
stay away from me[x2]
