You keep saying you've had enough
and I know just how you feel
you keep it all inside
and it's nipping at your heels.

It's eating you alive
I can see it in your stare
I'd sit with you all night
If I thought you'd even care

I've lost track of who I was
some time ago.
and I thought I'd figured out
which way to go.
Now I hate to say the only thing
that's keeping me alive is you
the only thing that's keeping me alive.
but I can't say your name
I think I'll be okay.

I've had it up to here
with your morbid ways
your happy being sad
and you prove it every day

I've lost track of who I was
some time ago.
and I thought I'd figured out
which way to go.
Now I hate to say the only thing
that's keeping me alive is you
the only thing that's keeping me alive.
and I can't say your name
I think I'll be okay.

[I Think I'll Be Ok Lyrics On]

You don't wanna see
the less polite side of me.
Just say your prayers
and close your mouth

start curbing what comes out.

and find another way to feel important
that can't be drank or snorted
don't call me up to say hello
cos I don't want you around
when I get home

Now I hate to say the only thing
thats keeping me alive is you
the only thing thats keeping me alive.
but I can't say your name
I think I'll be okay.
