this is the first scene of an act  
with my own hands stuck in my back  
around here the puppet is the puppeteer  
and I was down for the preverbal count

So what do you want from me( what do you want from  
me)  
another song about apathy  
heartbreak is a friend these days  
but I couldn't care less thats what I get paid to say

I am lost a lot  
but you cant believe me  
and my stomach knots  
but you cant see that  
whoa(hey) I cant find my way  
whoa(hey) I cant find it  
your asking for something sensational now  
cause life comes with some doubts

da da da dem.....

And now my life has become a circus  
in the centering am the crying clown  
its a little too exciting on the trapeze  
when your swing with your grass roots on the ground  
and painted me like a boomerang  
you push your heart it goes back again  
heartbreak is a trend these days

I couldn't care less its never been trendy anyways

I am lost a lot  
but you cant believe me  
and my stomach knots  
but you cant see that  
whoa(hey) I cant find my way  
whoa(hey) I cant find it  
your asking for something sensational now  
cause life comes with some doubts

while am thinking everything is wrong

watch our lives from a bar  
but looking back its not so bad  
realize what you've been missing

da da da dem....

whoa(hey) I cant find my way  
whoa(hey) I cant find my way  
whoa(hey) I cant find my way

da da da dem.....  
da da da
