What would you say if I told you  
I've always wanted to hold you?  
I don't know what we're afraid of  
Nothing would change if we made love

'Cause I'll be your friend  
And I'll be your lover  
Well, I know in our hearts we agree  
We don't have to be one or the other

Yes, it's a chance that we're taking  
And somebody's heart may be breaking  
But we can't stop what's inside us  
Our love for each other will guide us

'Cause I'll be your friend  
And I'll be your lover  
Well, I know in our hearts we agree  
We don't have to be one or the other

I've been through you  
And you've been through me  
Sometimes a friend is the hardest to see  
We always know when it's laid on the line  
Nobody else is as easy to find

So I'll be your friend  
And I'll be your lover  
Well, I know in our heart we agree  
We don't have to be one or the other  
Other
