Sad girl, not a bad girl  
Just a sad girl (so sad)  
She's a sad girl, not a bad girl  
Just a sad girl (she's so sad)

Once upon a time, we danced together  
Now we're dancing far apart  
Wishing that the hands of time  
Could stop forever  
I'd still be inside your heart

Yes, you're the only one  
My one and only one  
You are the stars at night  
You are the morning sun  
And I love you (love you)

She's a sad girl, not a bad girl  
Just a sad girl  
(Oh, my sad, sad, sad girl)

Honey, if you don't get back  
I'll have a breakdown  
I'm about to lose control  
(I need you, baby)

Lover, have a heart  
My heart is aching  
Ooh, I love you heart and soul

You're still the only one  
My one and only one  
You are the stars at night  
You are the morning sun  
And I love you (love you)

She's a sad girl, not a bad girl  
Just a sad girl  
She's a sad girl, not a bad girl  
Just a sad girl (so sad)

I need you more

(I need you, baby)  
Ooh, ooh

You're still the only one  
My one and only one  
You are the stars at night  
You are the morning sun  
And I love you (love you)

She's a sad girl, not a bad girl  
Just a sad girl (just a sad girl)  
She's a sad girl, not a bad girl  
Just a sad girl (so, so, so sad girl)

Woo hoo, ooh...

She's a sad girl, not a bad girl  
Just a sad girl  
She's a sad girl, not a bad girl  
Just a sad girl...
