I can't say why I love you, but I do
When I'm around you it feel so good, feel so good
And everything that I can do ever wish I make for you
In the end it all came true and I

I can't say why I love you, can't say but I do
I can't say why I love you, can't say but I do
I can't say why I love you

Baby when I found you I just knew, I just knew that I
Couldn't live without you
Feel it too, do you feel it too
Everything you give to me feels as though it's meant to
be
If you ever ask me how I feel

Chorus

Now I'm thinking of you when I can't explain the feeling
But I know that it's real when I hold you
When I saw you, you know, I knew
I knew I couldn't live without
Without you ever in my life

Everything you give to me feels as though it's meant to
be
So if you ever asked me how I feel

Chorus to fade
