There's a place in my heart
Where you used to be
There's a pain deep inside
Don't want the world to see
Nothing but emptiness
Once there was your caress
I was touched
By your naked flame

Now it was hard sometimes
Most things that we went through
But believe me when I say
I would never mean to hurt you
I hold the memory
Of holding you next to me
In my arms
Like a naked flame

Think it over
Before you break my heart
Think it over
Before the crying starts
Then we can say
Goodbye to the tears

I should have known
That this time was a coming
But if you ever need me
I'll come a-running home to you

There's a place in my dreams
Where we used to meet
But there's no one around now
It's just an empty street
I hold the memory
Of holding you close to me
In my arms
Like a naked flame
In my heart
Burns a naked flame.
