There's something I've been keeping from you  
I just needed time  
I've been fighting with my feelings lately  
And what's to find

Although I may seem distracted  
There's no need to feel neglected  
'Cause I've had only one thing on my mind

I've been wanting to tell you how I'm feeling  
I've waited for this moment all my life  
And I wondered if it's what you wanted to hear  
But I've made up mind

I know I've taken my time  
But I had to be sure  
Now I know there's no doubt anymore  
I love you endlessly

So now I've told you my intentions  
It is of no surprise  
Or are you feeling mixed emotions  
I can't decide

Are we gonna stay together  
For more than just a brief encounter  
Are you gonna make my life complete

I've been wanting to tell you how I'm feeling  
I've waited for this moment all my life  
And I wondered if it's what you wanted to hear  
But I've made up mind

I know I've taken my time  
But I had to be sure  
Now I know there's no doubt anymore  
I love you endlessly

Are we gonna stay together  
For more than just a brief encounter  
Are you gonna make my life complete

I've been wanting to tell you how I'm feeling  
I've waited for this moment all my life  
And I wondered if it's what you wanted to hear  
But I've made up mind

I know I've taken my time  
But I had to be sure  
Now I know there's no doubt anymore  
I love you endlessly

Endlessly... endlessly... [to fade]
