Good things come to those who wait
They say patience is a virtue
But all I've got is the time it takes me to hurt you
I feel so little I need so much
We got something to believe in
Now all I've given is all I've got

Now all she had to say
Give me all give me some
Give me anything you want
You know love will only get you through the night
Give me all give me some
Give me anything you want
You know love will only get you through the night

she's not asking much from me
so I don't ask no questions
if that's the way it's gonna be
then I got no objections
WE ARE TWO THAT FEEL THE SAME
can handle situation
and all you've given is all you gain
so all I gotta say

Give me all give me some
Give me anything you want
You know love will only get you through the night
Give me all give me some
Give me anything you want
You know love will only get you through the night
