Close your eyes
Imagine we are all alone
Baby you and me
Watching stars shining high up in the sky
But there's reality

Oceans apart and getting deeper every day
But not as deep as my heart

Chorus:
Baby if I could fly
I'd fly into your arms
Baby if you could fly
We'd never be apart
(let's fly away)

Days go by, time slowly slips away
Soon I'll have your love
In the end, girl you know that I can't stay
One kiss is just enough

Oceans apart and getting deeper every day
But not as deep as my heart
Baby if I could fly
I'd fly into your arms
Baby if you could fly
We'd never be apart

We've got to spread our wings
(let's fly away, let's fly away)
We've got to fly away
(far away)

Baby if I could fly
I'd fly into your arms
Baby if you could fly
(If you could fly)
We'd never be apart
Baby if I could fly . . .
