Feat Jorge Moreno

Oh way oh
Oh way oh
Oh way oh

The world divides from the bitter sweetness love
provides
I will redefine my place within this union
If the word is a lie and the better me can't show it's side
I will try to find my way to higher ground

Ah oh there's a million stories
And a million ways to get there from here

Baby I'm gonna put your skin on mine, be inside you all
my life
And if you let your heart open up your mind
There's a whole new world on the other side
I'm gonna be your satellite n I'll hang over your world at
night
And I can hear you sleep beneath the candle light
I can see your dreams like they were mine

Oh way oh
Oh way oh
Oh way oh
Way oh way oh

When I, I hear you scream I hear you cry
It's makes me realise that I am only human
The world relies on the balance between love and pride
And I'll abandon all my pride and bring you love
Ah oh oh oh
There's a million reasons
And a million ways to get to your heart

Baby I'm gonna make you step outside the corners of
your world
And find that if you let your heart open up your mind
There's a whole new world on the other side
I'm gonna be your satellite n I'll hang over your world at

night
And I can hear you sleep beneath the candle light
I can see your dreams like they were mine

Oh way oh
Oh way oh
Oh way oh
Way oh way oh

Baby I'm gonna put your skin on mine be inside you all
my life
And if you let your heart open up your mind
There's a whole new world on the other side
I'm gonna be your satellite n I'll hang over your world at
night
And I can hear you sleep beneath the candle light
I can see your dreams like there were mine

Oh way oh
Oh way oh
Oh way oh
Way oh way oh
