You gave me everything I could ever need  
And you, oh, you don't follow, you don't lead  
Every time you come around you make me feel brand  
new  
And this great feeling is all because of you  
You know that you, you make me feel so proud each  
and every day  
And I I love you more than word could ever say  
Any time I'm feeling down, you know just what to do  
You make it so easy to fall in love with you.  
Ya yo me cure, You fill me up with love  
Ya yo me cure, You lift my life with light  
Ya yo me cure, You give me what I need  
Ya yo me cure, You are my fantasy  
You know that you, you make me so proud each and  
every day  
And I, I love you more than words could ever say  
Any time I'm feeling down you know just what to do  
You make it so easy to fall in love with you  
Ya yo me cure, You fill me up with love  
Ya yo me cure, You lift my life with light  
Ya yo me cure, You give me what I need  
Ya yo me cure, You are my fantasy  
Ya yo me cure, You fill me up with love  
Ya yo me cure, You lift my life with light  
Ya yo me cure, You give me what I need  
Ya yo me cure, You are my fantasy  
Ya yo me cure, Ya yo me cure  
Ya yo me cure, Ya yo me cure  
Ya yo me cure, Ya yo me cure  
Ya yo me cure, You fill me up with love  
Ya yo me cure, You lift my life with light  
Ya yo me cure, You give me what I need  
Ya yo me cure, You are my fantasy  
Ya yo me cure, You're my fantasy  
Ya yo me cure, Baby, baby, baby  
Ya yo me cure, I'm in total, total love
