We sit here and we talk about the weather  
Only just so we can be in this together tonight  
Maybe we believe in somethin better  
Photographs of happiness forever were found  
And you're makin me believe we are free  
Appealin to the weaker part of me  
[Chorus]  
This is it, this is real  
Were in the moment and I feel  
This is the reason that I changed my point of view  
This is it, this is real  
Were in the moment and I feel  
You are the reason that I fell in love with you  
So aware with everything you're sayin  
You make a point of bein understated with you  
What if I could pull myself together  
Would you laugh at me for sayin Im strong enough  
So you talk about the world you save today  
Still Im waiting for the one thing you might say  
To give anything and everything away  
This is it, this is real  
Were in the moment and I feel  
This is the reason that I changed my point of view  
This is it, this is real  
Were in the moment and I feel  
You are the reason that I fell in love with you  
Touchin you is easy  
Lovin you is crazy  
Touchin is easy, kissin you is easy  
Lovin you  
Im lovin you  
[Music]  
Im lovin you  
This is it  
This is real  
This is the moment  
Im lovin you  
This is it, this is real  
Were in the moment and I feel  
This is the reason that I changed my point of view  
This is it, this is real

Were in the moment and I feel  
You are the reason  
You are the reason  
I fell in love with you  
I fell in love with you  
I fell in love with you (I fell in love with you)  
I fell in love with you  
I fell in love with you  
I fell in love with you  
I fell in love with you  
Oh (oh, oh, oh)
