Spent a year in Paris
Love overloads
Met a man who swore to me and left another ghost

Spent a long time wandering
Down southern roads
Now I'm returning to the place I know

And I fought gun wounds
As I stumbled to your door
You are the only thing worth waiting for
Anymore

[Chorus]
I'll take all the blame
Put away your shame
Hold you in my bed
Feel you with regret
When I take you back
It's like a bullet for the pain
Come round again
Come round again

(I'm sorry)
(I'm sorry)
(I'm sorry)
(I'm sorry)

Many years have come and gone
Since we were brave
Familiar faces tell you some things never change

Spent a long time harbouring
Mistaken worth
Now I'm returning with my face in the dirt

And I thought gullin' thoughts
As I stumbled to your heart
You are the only thing worth waiting for
Anymore

I'll take all the blame
Put away your shame
Hold you in my bed
Feel you with regret
When I take you back
It's like a bullet for the pain
Come round again
Come round again

Ooh, I can be enough
(I'm sorry)
Ooh, I can be enough
(I'm sorry)
Ooh, I can be enough
(I'm sorry)
Ooh, I can be enough

So I'll take all the blame
Put away your shame
Hold you in my bed
Feel you with regret
And when I take you back
It's like a bullet for the pain
Come round again
Come round again
Come round again
Come round again
