Quiet on the boulevard
Tryin' not to notice
Neither of us knew just how to say it

So I turn to look at you
Tryin' not to crumble
Every time I spoke it sounded vacant
And everything I said just hit the pavement

[Chorus]
So radiate (heyâ€¦!)
I can't see you
You're just too far from me
So radiate (heyâ€¦!)
I can't tell you
It's just too hard to speak

Stood out on the motorway
It's never been this quiet
Here we are alone, just stay connected

Shadow afternoon again
That everything is fading
You're the one who leaves me unprotected
You're the only one who makes me restless

So radiate (heyâ€¦!)
I can't see you
You're just too far from me
So radiate (heyâ€¦!)
I can't tell you
It's just too hard

They're only words
Their only worth
Is breaking the silence
Makes no difference
They're only words
They have no worth

[Music]

So radiate (heyâ€¦)
I can't see you
You're just too far from me
So radiate (heyâ€¦)
I can't tell you
It's just too hard

So radiate (so radiate)
So radiate
So radiate (so radiate)
So radiate
