If only I could
Make it easy for you
Then baby I would
Stay for one more round

If only I could
Do away with my heart
Been already gone
I guess I stayed too long

[Chorus]
Is that what you need to hear
To make it feel alright
Is that what you need to have
To make it all my fault
Is this the way we are

If only I learned
How to see in the dark (ah, ah)
Then baby I would
Lead you somewhere bright (ah, ah)

Sometimes it only gets harder
If you push too far (ah, ah)
And now that I'm gone
I wish I stayed longer

Is that what you need to hear
To make it feel alright
Is that what you need to have
Or make it all my fault
Is this the way we are

[Music]

Ah-huh-ah, ah-huh
Ah-huh-ah, ah-huh
Ah-huh-ah, ah-huh
Ah-huh-ah, ah-huh

Is that what you need to hear

To make it feel alright
Is that what you need to have
Or make it all my fault

Is that what you need to hear
Is this the way we are
Is that what you need to have
Is this the way we are
Is this what we've become
