My world is breaking down  
I feel like such a clown  
Believing that you were gonna  
Be around oh oh oh you just broke me down  
My world is breaking down  
All because of you  
Oh oh you I am getting  
My heart ripped to shreds  
My world is breaking down  
I feel like uch a clown  
Believing that you were gonna  
Be around my world is breaking down  
Breaking down oh oh oh all because  
Of you... because of you  
Mt world is breaking down  
Breaking down because of you  
I'm dead . my world is breaking down  
Breaking down down oh oh oh  
Breaking down
