And if you offer me a second chance
Then I would quickly need another

Couldn't you tell?
Couldn't you tell?
Couldn't you tell
That I'm alive and you should go?

And if I leave you with the mess I made
Or if I leave you empty handed

Shouldn't you know?
Shouldn't you know?
Shouldn't you know
That I'm alive and you should go?

I'm really sorry for the afternoon
And the time I saw you crying

Couldn't you tell?
Couldn't you tell?
Couldn't you tell
That I'm alive and you should go
And you should run and you should go?
