You say that you know me,
But you can't look my way.
Your so unsteady with nothing left to say,
So how well do you know me,
Guess it just was not our time,
Now i can see that you were never mine.
its back to the beginning
where i never thought that i would end.
aside from the spinning.
waiting on the one the world would send
I'm done with all the missing,
you were never there to see my heart
you led us to the ending,
now its back to the beginning.

said you'd be honest and i guess you were,
now its plain to see you were never over her.
you can say that its nothing,
but i can see inside
we both know its something and its something you cant
hide

its back to the beginning
where i never thought that i would end.
aside from the spinning.
waiting on the one the world would send I'm done with
all the missing,
you were never there to see my heart
you led us to the ending, now its back to the beginning.

maybe were all just the same,
but i refuse to believe in,
if its true you will see there is someone else for me.
maybe its all just a game that i refuse to compete in,
this is where we end,
now its back to the beginning.

its back to the beginning where i never thought that i
would end.
aside from the spinning.
waiting on the one the world would send

I'm done with all the missing,
you were never there to see my heart
you led us to the ending,
now its back to the beginning.

where i never thought that i would end.
aside from the spinning.
waiting on the one the world would send
I'm done with all the missing,
you were never there to see my heart
you led us to the ending,
now its back to the beginning.

its back to the beginning.. yeahh.
