#### Verse 1:

Looking back  
Where I'm from  
Can't believe that I'm here  
Gave my all  
Paid the price  
And I do it again  
I've walked alone in my head  
I've cried in my bed  
But the morning lights  
Oh so bright  
Wake me again

#### Bridge:

It's about faith and  
It's about fate  
It's about risking it all everyday  
It's about holding when you wanna let go  
It's just believing in all that you know

#### Chorus:

Here I am  
Now standing on the edge  
Everything I know coming together  
All my life  
I've seen it in my dreams  
Waiting for the day  
I'm just a second away

#### Verse 2:

I'm taking time  
Reaching down  
To walk through my fear  
Break it down  
In my head  
I can see it so clear  
I work it out  
In my heart  
I see it appear  
The world is so beautiful  
From the view up here

Bridge 2:

It's about living  
Not just getting by  
It's about reaching when  
There's nothing inside  
It's about breathing  
When all it too much  
It's about standing when you wanna give up

Chorus:

Here I am  
Now standing on the edge  
Everything I know coming together  
All my life  
I've seen it in my dreams  
Waiting for the day  
I'm just a second away

Verse 3:

Everything is disappearing  
Standing up here alone  
And I feel like  
I'm standing forever  
This is where I belong

Chorus (x2):

Here I am now  
Yeah  
Here I am  
Now standing on the edge  
Everything I know coming together  
All my life  
I've seen it in my dreams  
Waiting for the day  
I'm just a second away

I'm just a second away x2
