Its like I'm walking under ladders  
All the mirrors about to break  
Like a black cat walking next to me  
That I can't seem to shake  
It seems like only yesterday my life was going my way

This storm it just won't stop  
raining on my parade  
Time has turn its back on me  
waiting for me to fade away  
Into the gray  
And i try to tell myself

Chorus:  
This is not where I belong  
It's a temporary place that I've I been in for way to long  
I'm not asking for the world  
I'm just an ordinary girl putting up a fight to get out this  
temporary life  
(This temporary life)

It cant be like this forever  
Someday its going to change  
But that someday's coming to slow and I dont want to  
wait  
Life wont let me pretend  
But I won't let this be the end of me  
No way no way

I might need somebody's shoulder  
To catch the tears I cry

And even when there is no end in sight I know I will  
survive  
It wont break me  
It might take all of me  
To get back were I want to be  
And i gotta tell myself

Chorus:  
This is not where I belong  
It's a temporary place that I've been in for way to long

I'm not asking for the world  
I'm just an ordinary girl putting up a fight to get out this  
temporary life  
(This temporary life)

Don't exactly know where I'm going  
But any place is better than where I am  
This is not a permanent situation  
I am going back to where I began

Chorus:  
This is not where I belong  
It's a temporary place that I've been in for way too long  
I'm not asking for the world  
I'm just an ordinary girl putting up a fight to get out this  
temporary life  
(This temporary life)  
(2x)
