This will make corpses of us all.  
Old world burns and drives the machine of war.

Now close your eyes and picture your last sunset.  
Sun has failed and moon is dead.  
With hearts entwined laid to rest.  
With slit throats now you see the joke of ever believing  
in me.  
I'll be the shoulders to die on when truth doesn't set  
you free.  
Crucify me one more time just so I can watch myself  
bleed.

There was a time when I thought my soul was saved but  
it was a little too slow and a little too late.  
At the time I thought it meant everything, turns out it  
didn't mean anything.  
It didn't mean anything.

I pray to god this kills you.  
I pray this kills us both. [2x]

I'm begging for youth suicide and third term abortion.  
I'm here to see purity's crucifixion and witness a  
genocide initiative.  
Genocide initiative.

You'll have to cut away the smiles on my face after I get  
a taste.  
Now close your eyes and picture your last sunset.  
Sun has failed and moon is dead.  
With hearts entwined laid to rest.  
With slit throats now you see the joke of ever believing  
in me.  
I'll be the shoulder to die on when truth doesn't set you  
free.  
Crucify me one more time just so I can watch myself  
bleed.

There was a time when I thought my soul was saved but  
it was a little too slow and a little too late.  
At the time I thought it meant everything, turns out it

didn't mean anything.
