There's a girl, her name is Bambirella  
A gothic little princess grooving like an umbrella  
One could swear she's an ad for autism  
(But she's) two hundred pounds of poetry and dark  
romanticism

She's been invited by a neighbour at a West Indian  
party  
Rum flowing everywhere, stupid people laughing loudly  
Neurosis resurfaces, she'd be better on her own  
Than to share a night of shit with La Compagnie  
CrÃ©ole

Bambirella don't like Carioca  
Fuck off Huggy, leave me on the sofa

(Tous ensemble! )  
Ohlala Ohlala Ohlala Ohlala  
Eh oui (Ohlala)  
C'est comme Ã§a  
Ohlala Ohlala Ohlala Ohlala  
Ben v'lÃ (Ohlala)  
C'est la vie

Some assholes are gonna learn what it's like to be  
down

Pas de chatte (Ohlala)  
C'est la faille  
Ohlala Ohlala Ohlala Ohlala  
Eh oui (Ohlala)  
C'est comme Ã§a

"Dancing is easier than trying to find some work"  
She thinks, as inside she slowly goes berserk  
She feels several laughing eyes are scanning her  
entire body  
She knows that within hours they all will be so sorry

Gross reflections, stupid puns and silly jokes  
The cheap perfumes melted with the smells of booze  
and smoke

It makes her really sick so she's heading for the toilets  
She's barely at the door (when) she feels a hand on her  
butt... Oh no!

Too much for her to take  
Something's growing inside  
Too much for her to take  
They can run but can't hide  
Too much for her to take  
The fuckin' fury is now unleashed  
She is gonna quote some Baudelaire  
To the motherfucker who touched her derriere

(Zoukez! )  
Ohlala Ohlala Ohlala Ohlala  
Eh oui (Ohlala)  
C'est comme Åa  
Ohlala Ohlala Ohlala Ohlala  
Ben v'lÅ (Ohlala)  
C'est la vie

Some assholes are gonna learn what it's like to be  
down

Pas de chatte (Ohlala)  
C'est la faille  
Ohlala Ohlala Ohlala Ohlala  
Eh oui (Ohlala)  
C'est comme Åa

Fuck that shit  
Bambirella will never go there again  
All alone, without one of her depressed friends  
(Note: Could Kassav's drummer play that pleasant  
bridge?)  
There's no fun in all their Caribbean shit  
No frizzy asshole hair-dressed like Robert Smith

Let the song end  
With the third shotgun blast  
For no particular reason
