A living wonder, a total freak of nature  
Watch it here it comes to boom boom your butt baby

Is he she, is she he?  
Is that creature a "he" or a "she"?  
A cigar or a lipstick? A pussy or a prick?  
An equal taste for clits and dicks

A living wonder, a total freak of nature  
Watch it here it comes to boom boom your butt baby  
Lick it better and guide it to orgasm  
The bi-sex doll is gonna bump and grind your belly

Two good reasons to believe in God

Being born with a stick and a slot

Recto verso is my motto  
Recto verso

A living wonder, a total freak of nature  
Watch it here it comes to boom boom your butt baby  
Lick it better and guide it to orgasm  
The bi-sex doll is gonna bump and grind your belly

Two good reasons to believe in God  
Being born with a stick and a slot

What you need is something special  
An anal deviation lesson  
And don't you try to kiss me... never!  
Tenderness ain't the point for rappers

Recto verso is my motto
