Your eyes don't see mine  
Halfway love is unkind  
Tripping through mazes  
Transparent gazes

Your silence is so loud  
Unclench your grip now

Goodbye my darling  
Goodbye familiar  
Goodbye my comfort  
I'm moving on now

Don't hold me so tight  
If you can't decide  
I can't begin new  
Til this charade's through

Leaving your footprints  
Just takes one step

Goodbye my darling  
Goodbye familiar  
Goodbye my comfort  
I'm moving on now

Show me some mercy  
These chains are so unfair  
Dwelling on memories  
Forget us nowhere\*

Goodbye my darling  
Goodbye familiar  
Goodbye my comfort  
I'm moving on now

Goodbye darling  
Goodbye darling  
Goodbye my darling
