Shall we walk the narrow way
Crooked straight, rough places plain
Raised up in the yin and yang
Takes her around and back again
She's got her act down
A shadow of a sound
Her show's on the road
'Cause she knows what she knows

Can you see her
I can see her
Can you see her now
Amidst all her states of grace
I can see her now

Tightrope across an ocean wide
Can we reach the other side
Where china dolls and worlds collide
Where we fall and are baptized

She's got her act down
A shadow of a sound
And her show's on the road
'Cause she knows what she knows
That she knows

Can you see her
I can see her
Can you see her now
Amidst all her states of grace
I can see her now

She's got a slight frame
For such a heavy burden
She's on the highway of her Lord

Can you see her
I can see her
Can you see her now
Amidst all her states of grace
I can see her now
