Kayla's up early and vince stays up,  
She leaves her hair down, cause he likes her undone  
And vince tells her daily that she's the one  
Another day, another day gone

She living in circles and he draws the lines,  
He moved to the west coast, she's on eastern standard  
time,  
But still he calls her almost every night  
Cause once it's gone it's gone  
Cause once it's gone it's gone

Should have been there playing  
Where do I go from here?  
I thought u just might laugh  
And the rest becomes clear  
So this is all that I get for living my life like this  
I'm home alone  
Drying my own tears

The ones who hurt u  
Are the ones u love  
If that makes sense  
Will u catch me up?  
And I hold her crying and then don't give up  
Cause once it's gone it's gone  
Cause once it's gone it's gone

She goes to the longest to throw out  
The things to remind her what she lives without  
Now kayla's living in an empty house  
But nothing's ever gone  
Nothing's ever gone

Should have been there playing  
Where do I go from here?  
I thought u just might laugh  
And the rest becomes clear  
So this is all that I get for living my life like this  
I'm home alone  
Drying my own tears

She found herself in californIA  
And wants to call vince up every single day  
But to recover, she burned half her heart away  
But nothing's ever gone  
Nothing's ever gone

Should have been there playing  
Where do I go from here?  
I thought u just might laugh  
And the rest becomes clear  
So this is all that I get for living my life like this  
I'm home alone  
Drying my own tears
