Iâ€™ve been away long enough to see
What we had was worth enough to me
And I hope we can turn back the hands of time
Itâ€™s not too late if only we could try (weâ€™ve only got
to try)

This time I know loveâ€™s a crazy game
This time I know the rules will never change
This time I know a winning hand you never thrown away

I was lost in a dream but now I finally see
What I was looking for was there in front of me
Now I hope we can turn back the hands of time

Something better I know Iâ€™ll never find

This time I know loveâ€™s a crazy game
This time I know thereâ€™s got to be some pain
This time I knowâ€¦
I didnâ€™t know what we had until it was gone
This time I know

This time I know loveâ€™s a crazy game
This time I know the rules will never change
This time I know a winning hand you never thrown away
This time I know
