Had to survive  
Living in the light  
Have to stay alive  
Living in the light

Have to survive  
Living in the light

(Hold the beat)  
(Stop the beat)  
(Drop the beat)

Children of nature  
From another culture  
Had to survive  
Living in the light

Stolen from the center  
(Of the world)  
Untimely departure  
Somehow survived  
Living in the light

Had to survive  
Living in the light  
Have to stay alive  
Living in the light  
Had to survive  
Living in the light

Roots become subculture  
Oh, the sound of  
The street dub vendor  
Knew you had to survive  
Living in the light

Beautiful yet scattered  
Through it all  
Your spirit never shattered  
Glad to stay alive  
Living in the light (oh)

Had to survive (oh I, I, I)  
Living in the light  
Have to stay alive  
Living in the light

(Oh, oh, oh, oh, oh)  
Had to survive  
(Yes, in a light)  
Living in the light  
(So bright, had to guide you home)

Have to survive,  
Living in the light  
(Children of nature)  
Have to stay alive  
Living in the light  
(Living in the light, yes)

Had to survive  
(Had to survive)  
Living in the light

There's ways we can sometimes  
Turn our wrong to right  
But some things  
We can never change

Things can be so fine  
Living in the light  
(Hold the beat)  
(Stop the beat) oh  
(Drop the beat)

To those who know  
What I mean  
And those who don't  
I'll tell you  
Follow good feeling through  
And let the superficial  
Pass you by, oh, yeah

Living in the light, oh  
Yeah, yeah, oh

Had to survive  
Living in the light  
(Children of nature)  
Have to stay alive  
Living in the light  
(Living in the light, yes)

Had to survive  
(Had to survive)  
Living in the light  
(I, I, I) oh

Have to survive (oh I, I, I)  
Living in the light (I, I)  
Have to stay alive  
Living in the light  
(Living in the light, yes)

Had to survive  
(Had to survive)  
Living in the light

(Yeah) had to survive  
Living in the light  
(Ow) had to stay alive  
Living in the light...
