Out into the dark
She tried she tried so hard
But she is a victim of faith
Before he knew it was too late

She's the vampirequeen
The beauty he had seen
She's the queen of the night
Kills love at first sight
Oh hold her tight
Into the night
Hold her tight
Hold her tight

Dream another world
She could she could this girl
But everything has an end
Even so you are what they send

She's the vampirequeen
The beauty he had seen
She's the queen of the night

Kills love at first sight
Oh hold her tight
Into the night
Hold her tight
Hold her tight

She bites she bites
When will it end
She kills and kills
The saints friend
End it up
Be strong say stop
This isn't you
This isn't you

She's the vampirequeen
The beauty he had seen
She's the queen of the night
Kills love at first sight

Oh hold her tight
Into the night
Hold her tight
Hold her tight
Hold her tight
Hold her tight
