"Heart Of Me"

Visit "[Heart Of Me](#)" on MotoLyrics.com

You always take the heart of me
And leave it there it stays to be
What is it for?
Do you want more?

It takes a while to grasp on to
The softness of a heart anew
What is it for?
Why did you wrong me?

In the bus
I fall all the time
My feet give up
And gravity is mine
I throw myself
From anything that's tall
And fall

I want to live
And learn to love
And you're the one
I put above
But what is it for?
Could there be more?

In the bus
I fall all the time
My feet give up
And gravity is mine
I throw myself
From stairs and trains
From trees and planes
As long as I can fall
