I ran a million miles  
And heard a voice inside  
I saw you as you faded  
And all you left behind

Taking in the tide  
I spread my arms out wide  
I try to pull you closer  
As I inhale the sky

You kept me down far too long  
Now I see I was wrong  
Leave me be, leave my place

I don't care where you go  
Just as long as you know  
You'll leave me be, leave my place

I can't shine like you  
I know you want me to  
Your tranquilizing eyes said  
Can't we start anew?

I won't go insane  
Refuse to feel this pain  
I can't shine like you  
I know you want me to  
Your tranquilizing eyes said  
Can't we start anew?

I won't go insane  
Refuse to feel this pain  
I'm giving up my search for  
Someone else to blame

You kept me down far too long  
Now I see I was wrong  
Leave me be, leave my place

I don't care where you go  
Just as long as you know

You'll leave me be, leave my place

Longing for the hand that used hold me  
Longing for the land that I called home  
Longing for the streets we used to wander  
I wonder

Leave me be, leave my place

I don't care where you go  
Just as long as you know  
You'll leave me be, leave my place
