Lost

My heart is hard as stone

On my own

Alone, I carry it home

Gone

I used to waste the days

So distraught,

I thought:

I'm changing my ways

Now you're changing my ways

You save me

Save me from myself

There is no one else

I'd lean on

Save me

You save me from myself

There is no one else to set me free

Start

The start of something new

Is what I find

When I'm

Just looking at you

Lift

You lift me off the ground

Keep holding my hand

I won't land

Won't even look down

Don't look down

You save me

Save me from myself

There is no one else

I'd lean on

Save me

You save me from myself

There is no one else to set me free
