"Shutdown"

Goodbye my favourite friend
I hope we'll meet again, alright
I'm glad, that you came, tonight

I have enjoyed the show
But it's time, I'm letting go, you know
And I hope this memory will last

And I am not afraid...

I shutdown

So long my favourite friend
I'm sure we'll meet again, alright
And I'm glad that you were by my side

You've been the very best
But it's time for me to rest
You know, I never liked goodbyes

Don't ever be afraid

I shutdown
