Oh so vast
So wide and dried out
My car goes on and on in Utah
Completely calm
I drown in my seat
The world blows through my ears

Oh, superhighway
Can't take it slowly
Traveling with the speed of light
Oh, superhighway
Can't take it slowly
Faster
Longer

Interstate
You are my homeland
My safest harbour is when I move
The world outside seems blurred
Yet static
Inside the car I'm safe

Oh, superhighway
Can't take it slowly
Traveling with the speed of light
Oh, superhighway
Can't take it slowly

Oh go, superhighway
Can't take it slowly
Traveling with the speed of light
Oh, superhighway
Can't take it slowly
Faster
Longer
