Sex games don't change a thing
Over, and over again

Your life's in a loop

I try to shout
Work it out
This is what it's all about!

Back here it all
Looks the same
No smiles, and no one to blame
Out there things are clear

It's better now
Work it out
This is what it's all about!

We're headed for the wild wonders
Distant wonders
Where days are made of stars
(Go get it)
Dream diving makes me want to lead you there
Now we see the wild wonders
All around us
Dreams are made of stars
(Go get it)
They'll surely shine forever!

Mai tais don't make you belong
And when love is your favourite song
Taste it- spit it out!

It's better now
Work it out
This is what it's all about
It's better now
Worked it out
This is what it's all about

We're headed for the wild wonders
Distant wonders

Where days are made of stars
(Go get it)
Dream diving makes me want to lead you there
Now we see the wild wonders
All around us
Dreams are made of stars
(Go get it)
They'll surely shine forever! (repeat to fade)
