Don't tell me it's over just yet  
Because when you said you would be here forever  
I figured that bought us some time  
But time past through us  
And left you wanting more  
But this is it kid  
Our hearts beat for it  
It doesn't get any better than this  
So don't look back  
Don't look down  
What could have been isn't even an option  
I'm thinking clearly for the very first time  
I'm a fuck up  
A highschool dropout but I see this world for what it  
really is  
Bright skies and countrysides in a land that talks in  
tongues  
Where do we go from here  
Is this all we have  
Will we ever get out  
Here's to our fucking youth spent wasted out  
I know I promised you more but  
Fuck what you think  
Fuck everything  
Fuck regret  
Down for anything
