"The Rules Of Attraction"

Lying here and all I want is to beat my face against this wall

Motionless you drift away, and I'm left wondering

"If it means so little to us why do they fall down you like rain?"

Your hand in mine

I felt explosions for the first time

I realized words are just words

Heartbeats singing us to sleep

Chasing a dream, but some things are never meant to be

The air is filled with a cold uncertainty

Your Beautiful but you don't mean a thing

Why do I even care?

As I take this first breath

Glittering blackness paints me a brand new colour

Forget 'us' this is mine, with eyes like diamonds shine

Swallow me whole sugar

Swallow me whole.
