There's nothing I would change, given a chance to Rearrange I wouldn't part with a single day, not today There's nothing you can change because hardcores Always remains proud to be a fimaly to me, family Believe me when I say this shit's real Now's our chance to show who's down for hardcore And now we're fighting for ourselves Wearing our hearts on our sleeves So who are you to judge Based on our lives our beliefs We've made mistakes, but fucking proud of who we are We are today, so get down or get the fuck away When everything has changed Hardcore will always remain There's nothing you can change Because hardcore always remains
