"Crescent Moon"

Green September
Burned to October brown
Bare November
Led to December's frozen ground
The seasons stumbled round
Our drifting lives are bound
To a falling crescent noon
Feather clouds cry
A vale of tears to earth
Morning breaks and
No one sees the quiet mountain birth
Dressed in a brand new day
The sun is on its way
To a falling crescent noon
Somewhere in
A fairytale forest lies one
Answer that is waiting to be heard
You and I were
Born like the breaking day
All our seasons
All our green Septembers

Burn away

Slowly we'll fade into

A sea of midnight blue

And a falling crescent moon
