Do you know the way to San Jose?
I've been away so long
I may go wrong and lose my way
Do you know the way to San Jose
I'm going back to find some piece of mind San Jose -a
L. A. is a great big freeway
Put a hundred down a by a car
In a week - or maybe two - they'll make you a star
Weeks turn into years and quickly pass
And all the stars there never were a parkin' cars and
pumpin' gas
I've got lots of friends in San Jose
Wo oh oh oh
Can't wait to get back to San Jose
Wo oh oh oh
Do You know the way to San Jose?
