"Get Together"

Love is but a song we sing

And fear's the way we die

You can make the mountains sing

Or make the angels cry

Though the dove is on the wing

You need not know why
(*) Come on people now

Smile on your brother

Everybody get together

Love one another right now
Some will come and some will go

This will surely pass

When the one who left us here

Returns for us at last

We are but a moment's sunlight

Fading in the grass
Repeat (*)
If you hear the song we sing,

You will understand

You hold the key to love and fear

It's in your trembling hand

One key unlocks them both, you know

It's at your command
Repeat (*)

Love one another right now

Love one another right now
