I've been livin' memories lost in the warm of your smile

Driftin' through the dreams we used to share

Thinkin' 'bout the times we spent in love without a care

And wishin' you were there

(\* ) So darlin' if you should feel you're lonely tonight

And you need someone next to you to hold you tight

Just call me and I'll be there by your side

Cause we can put that feelin, back inside us

If we try

Summer time was feellin' good holdin' the world in our hands

Seemed like what we had was growin' strong

Never even crossed our minds that love would soon be gone

I guess that we were wrong

Repeat (\*)

So darlin' if you shoul feel lonely tonight

And you need someone next to you to hold you tight

Just call me and I'll be there by your side

Cause we've got all those memories to guide us

And we can put that feelin' back inside us

If we try
