One love in my young life

Took me somewhere I had never been

And I want to live again, breathe again

In the shelter of his brightly woven love song

So long I have wanted love to be

Sitting just this near to me

Now my waiting heart is free

(\* Few are the choices we are given

The sands of time pass quickly by

One dream of my young life

Now stands holding out his hand to me

Now I can't help but believe that my whole life  
will be

Spent in one love

Repeat (\*)

Spent in one love

Spent in one love
