Long ago, and oh so far away
I fell in love with you,
before the second show
Your guitar, it sounds so
sweet and clear
But you're not really hear
it's just the radio

Don't you remember you told me
you loved me now baby
You said you'd be coming
back this way again, baby
Baby, baby, baby, baby, oh baby
I love you,
I really do
Loneliness, is such a sad affair
And I can hardly wait
to be with you again
What to say to make you come again
Come back to me again
And play your sad guitar

Don't you remember you told me
you loved me now baby
You said you'd be coming
back this way again, baby
Baby, baby, baby, baby, oh baby
I love you
I really do
