At any moment he'll be walking through that door
But he won't find me behind it
Cos the feeling is gone and it just won't come back
any more
I've worked so hard to find it

I've been up, down, trying to get the feeling again
All around trying to get the feeling again
The one that made me shiver
Made my knees start to quiver every time he walks in

I've looked high, low, everywhere I possibly can
But there's no trying to get the feeling again
It seemed to disappear as fast as it came

I've read every book, looked for every meditation
And poem just to bring home that old sweet sensation
But it ain't no use to me to try to get the feeling again

When did it leave me, how did I come to misuse
Such a beautiful burning
But baby believe me, I've done everything I can do
But somehow it's not returning

I've been up, down, trying to get the feeling again
Like a bloodhound searching for a long lost friend
Could you help me rediscover
The way to re-be his lover once again

I've read every book, looked for every meditation
And poem just to bring home that old sweet sensation
But it ain't no use to me to try to get the feeling
I want to get that feeling again

Would you help me rediscover
The way to re-be his lover once again

I've read every book, looked for every meditation
And poem just to bring home that old sweet sensation
But it ain't no use to me to try to get the feeling
I want to get that feeling again
